Erasmus+

Stronger with AI

STRONGER WITH AI is the Erasmus+ sponsored project, we developed an AI-based web teaching system for educational institutions.

WE HAVE:

- ⊘ AI course generation
- ⊘ Various versions of a content for more flexibility in learning opportunities
- ⊘ Analytics for tracking user engagement and progress
- ⊘ Multilingual support
- ⊘ Accessibility

WE OFFER 2 COURSES:

AI FOR EVERYONE
by Skakgreind

Artificial Intelligence for Everyone is a practical course introducing AI basics, designed for those wanting to understand AI without complex math and to enhance their competitiveness in the job market. The course aims to increase AI knowledge, reduce fears about technological change, and highlights AI's role in daily life and the fourth industrial revolution.

DIGITAL COMMUNICATIONS
by Institut Antoni de Martí i Franquès

Digital Communication is a 1st-year high school course, aimed at students interested in improving public reasoning, discussing, and arguing, with a focus on communication, journalism, and business techniques in the digital field. The course covers human communication, media, and advertising, with practical work on newsletters, reports, and advertising in various formats.
